

SDBP 2020 Annual Meeting - October 9-12, 2020

Renaissance Austin Hotel, Austin, TX

Who Should Attend?

The SDBP Annual Meeting is planned to meet the needs of developmental-behavioral pediatricians (researchers, teachers, and/or clinicians), general pediatricians, pediatric psychologists, nurses, social workers and other healthcare providers, practitioners, and researchers interested in developmental and behavioral pediatrics. A variety of educational formats will encourage the exchange of new scientific and clinical information and support the interchange of opinions regarding care and management issues relevant to developmental and behavioral pediatrics. Scientific material will be presented through pre-meeting workshops, symposia, oral abstracts, concurrent sessions, plenary sessions, small group sessions designed for in-depth exploration of specific topics, and poster presentations. Our meeting brings together interprofessional clinicians, educators, and researchers to advance the knowledge and management of children with developmental-behavioral issues and their families.
