General Information

Who Should Attend

This program is planned to meet the needs of pediatricians (researchers, teachers, and/or clinicians), pediatric psychologists, nurses, social workers and other healthcare providers and researchers interested in developmental and behavioral pediatrics. A variety of educational formats will encourage the exchange of new scientific and clinical information and support the interchange of opinions regarding care and management issues relevant to developmental and behavioral pediatrics. Scientific material will be presented through symposia, oral abstracts, concurrent sessions, plenary sessions, small group sessions designed for in-depth exploration of specific topics, and poster presentations.

Purpose

Bring together interprofessional clinicians, educators, and researchers to advance the knowledge and management of children with developmental-behavioral issues and their families.

Goals

After attending this meeting the participants will be able to:

1. Discuss advances in the treatment of ADHD, ASD and other developmental-behavioral disorders.
2. Describe practice variation to assess and treat developmental and behavioral problems and outcomes to assess effectiveness.
3. Understand the trajectory of various developmental-behavioral conditions across the through transition into young adulthood.
4. Discuss evidence based treatments for various DBP conditions and how to implement them into practice.
5. Learning novel ways to enhance family participation in DBP clinical care and research.

Registration

All attendees must be registered for the meeting. Registration is located on the 2nd level at the top of the Escalators.

Pre-Meeting Workshops

A select number of courses addressing the needs of pediatricians, psychologists and other professionals caring for children with developmental or behavioral problems will be presented again this year. Workshops will be in half-day formats. Registration for these sessions is in addition to the Annual Meeting registration.

Abstracts

Abstracts selected for the 2016 SDBP Annual Meeting will be presented in platform, concurrent, and poster sessions highlighting the most outstanding papers from a variety of subspecialties related to pediatric developmental and behavioral medicine. All accepted abstracts of new and

previously presented research are available on the SDBP Meeting App and online the SDBP Meeting Page (www.sdbp.org/annual_meeting.cfm). Abstracts presenting new scientific findings will also be published online in the *Journal of Developmental and Behavioral Pediatrics*.

Poster Sessions

Two different Meet the Author poster sessions highlighting both new and previously presented research will be held on Sunday, September 18th from 6:00pm - 7:00pm and Monday, September 19th from 1:15pm - 2:15pm, respectively.

Exhibits

Exhibits will be located in the **Scarbrough Ballroom** throughout the duration of our meeting.

Camera and Cell Phone Use

Cameras and video cameras are not permitted in any event during the SDBP Annual Meeting. As a courtesy to fellow attendees, please turn off or silence cell phones during educational sessions.

Continuing Education

Satisfactory completion

Participants must complete an attendance/evaluation form in order to receive a certificate of completion/attendance. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available.

Credit Statement:

Amedco designates this live activity for a maximum of 21.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Approval Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Amedco and the Society for Developmental & Behavioral Pediatrics. Amedco is accredited by the ACCME to provide continuing medical education for physicians.

APA Credit Statement:

This activity has been approved for a maximum of 21.50 hours.

APA Approval Statement:

This course is co-sponsored by Amedco and Society for Developmental & Behavioral Pediatrics. Amedco is approved by the American Psychological Association to sponsor continuing education for psychologists. Amedco maintains responsibility for this program and its content.

General Information

Professional Counselors in these 41 states can submit APA:

AK, AR, AZ, CA, CO, CT, DE, FL, GA, IA, ID, IL, IN, KY, KS, ME, MO, MN, NC, ND, NH, NE, NJ, NM, NV, OK, OR, PA, RI, SC, SD, TN, TX, UT, VA, VT, WA, WI, WV, WY

MFT's in these 31 states can submit APA:

AK, AR, AZ, CA, CO, CT, DE, FL, IA, ID, IN, KS, ME, MO, NE, NC, NH, NM, NJ, NV, OK, OR, PA, SC, SD, TN, TX, UT, VA, WI, WY

Addiction Professional in these 26 states can submit APA:

AK, AR, CO, CT, DE, GA, IA, IN, KS, LA, MO, MT, NE, NM, NC, ND, NJ, NV, NY (outstate held), OK, OR, SC, UT, WA, WI, WY

ADA Statement

ADA accommodations will be made in accordance with the law. If you require ADA accommodations, please indicate what your needs are at the time of registration. We cannot ensure the availability of appropriate accommodations without prior notification.

Social Events

First Timers/New Member Reception

Scarbrough Ballroom

Saturday, September 17, 4:30pm - 5:00pm

Mentor/Mentee Reception

Scarbrough Ballroom

Saturday, September 17, 5:00pm - 5:30pm

Opening Reception

Scarbrough Ballroom

Saturday, September 17, 5:30pm - 6:30pm

Enjoy time with friends and colleagues in a casual setting.

Dinner Social

Harborside Center (lower level accessed from side elevator on lobby level or from River Street)

Sunday, September 18, 7:00pm - 10:00pm

After viewing the latest science in developmental and behavioral pediatrics at the Meet the Author Session (6:00pm in the Scarbrough Ballroom), join colleagues and friends for a fabulous dining experience. The Dinner Social is included in the Annual Meeting registration fee. All guests must be registered as an Accompanying Person in order to attend the Social Events.

Full Disclosure Policy

All faculty participating in the continuing medical education programs are expected to disclose to the program audience any real or apparent conflict(s) of interest related to the content of their presentation(s). Full disclosure of faculty relationships can be found on the handouts provided at registration.

Evaluations

Your opinions are important to us! Please be sure to complete an evaluation form to aid the SDBP Program Committee in evaluating the effectiveness of this educational activity. These forms will be available online with your CME/CE Accreditation. Go to: <http://sdbp.cmcertificateonline.com/> And click on the evaluation that corresponds with your profession. If you have CME Questions, email Certificate@AmedcoEmail.com

Committee Meetings

Sunday, September 18, 7:00am - 8:50am

Advocacy - Regency Ballroom D

Research - Savannah

Education - Trustees Hall

Coding - Sloane

Sunday, September 18, 12:15pm - 1:45pm

Trainee/Recent Graduate Lunch - Trustees Hall

Monday, September 19, 7:00am - 8:50am

Membership - Sloane

Practice Issues - Trustees Hall

Past Presidents - Savannah

Monday, September 19, 11:40am - 1:10pm

Communications Committee - Plimsoll

Fellowship Director - Savannah

Special Interest Groups (SIG) Meetings

Saturday, September 17, 6:30pm - 8:00pm

Autism SIG - Regency Ballroom A/B

International SIG - Regency Ballroom F

Psychology SIG - Regency Ballroom D/E

Sunday, September 18, 12:15pm - 1:45pm

Advanced Practice Nurse SIG Lunch - Savannah

Monday, September 19, 11:40am - 1:10pm

Early Childhood SIG lunch - Trustees Hall

For complete Committee and SIG descriptions and activities, please see the 2016 SDBP Meeting APP or visit the SDBP website at sdbp.org under the Committee/SIG tab.

Lectureship Award

The 2016 SDBP Lectureship Award Recipient is:

Amy Wetherby, PhD, CCC-SLP

Amy M. Wetherby, Ph.D., CCC-SLP, is a Distinguished Research Professor in the Department of Clinical Sciences, the Laurel Schendel Professor of Communication Disorders, and Director of the Autism Institute in the Florida State University College of Medicine. She has over thirty years of clinical experience and is a Fellow of the American Speech-Language-Hearing Association. Dr. Wetherby has published extensively and presents regularly at national conventions on early detection and early intervention for children with autism spectrum disorders (ASD). She is the Project Co-Director of Doctoral Training in Research, Autism, and Interdisciplinary

Leadership (TRAIL) funded by the U.S. Department of Education and is the Executive Director of the Florida State University Center for Autism and Related Disabilities. She served on the National Academy of Sciences Committee for Educational Interventions for Children with Autism and on the DSM-5 Neurodevelopmental Workgroup of the American Psychiatric Association. Dr. Wetherby is Director of the FIRST WORDS Project, a longitudinal research investigation on early detection of ASD and other communication disorders, funded by the US DOE/OSEP, NIDCD, NICHD, and CDC. She was Co-PI of three randomized controlled trials—the Early Social Interaction Project, an early treatment study teaching parents of toddlers with ASD how to support social communication and play in everyday activities funded by Autism Speaks and NIMH; the Classroom SCERTS Intervention Project for school-age children funded by the US DOE/IES; and one of 5 collaborative research entities that form the Autism Intervention Research Network on Behavior Health (AIR-B) funded by HHS/HRSA. Dr. Wetherby is co-developer of Autism Navigator®, an innovative collection of courses and tools designed to bridge the gap between science and community practice using a highly interactive web platform with extensive video footage to illustrate effective evidence-based practice. She is Co-PI on a multisite health services grant funded by NIMH using Autism Navigator for Primary Care with an automated screening tool, the “Smart” Early Screening for Autism and Communication Disorder (ESAC), which will have important implications for mobilizing communities to improve family action, participation, and engagement in early screening and diagnosis of ASD and entry into early intervention. The overarching goal of the collective efforts of Dr. Wetherby’s research is to build the capacity of healthcare systems to improve early detection and provide access to cost-efficient early intervention that is feasible for far-reaching community implementation.

How to get your CE/CME Certificate

1. Go to: <http://sdbp.cmecertificateonline.com/>
2. Select the evaluation that corresponds with your profession.
3. Complete evaluation. Upon completion, you will receive a document validating your attendance at the educational activity.

Questions regarding CE/CME, email Certificate@AmedcoEmail.com

Exhibitor Product Descriptions

1. Advocate Children's Hospital

Advocate Children's Hospital is a unique 2 campus hospital and part of Advocate Health Care, largest health system in Illinois. ACH is the largest provider of pediatric services in Illinois and among top 10 in the USA.

2. Arbor Pharmaceuticals, LLC

Arbor Pharmaceuticals headquartered in Atlanta, Georgia is a pharmaceutical company currently focused on the cardiovascular and pediatric markets. Arbor currently markets anti-hypertensive products as well as medications for Heart Failure, ADHD and head lice.

3. Association for Creatine Deficiencies

ACD is committed to providing education to advocates for early intervention through newborn screening and to promote and fund medical research for treatments and cures for cerebral creatine deficiency syndromes.

4. Baylor Miraca Genetics Laboratories

Baylor Miraca Genetics Laboratories offers a broad range of diagnostic genetics tests. We provide state of the art testing including, DNA diagnostics, chromosomal microarray analysis, whole exome sequencing, and biochemical genetics.

5. Behavior Imaging/ NODA

Our unique health imaging and secure patient platforms provide telehealth solutions that lead to earlier diagnosis and better treatment options for behavioral healthcare and mental health. Our secure 'EHR-light' platforms enable remote health and education assessments via the sharing of video clips of patient behavior and includes an NIH-supported remote autism diagnostic assessment service.

6. Carolinas Healthcare System

Carolinas HealthCare System and Developmental & Behavioral Pediatrics of the Carolinas seek to add a physician to our growing team in the Charlotte/Concord area. CHS has over 2,500 employed physicians, operating more than 40 hospitals. www.ChooseCarolinasHealthCare.org

7. CHADIS

CHADIS is a unique screening, decision support and patient engagement system designed to streamline and optimize healthcare, improving diagnosis and management of health, emotional, developmental and behavioral concerns.

8. Child Study Center

The Child Study Center provides children with complex developmental disabilities with the highest quality diagnosis, treatment and education, to help them achieve their full potential.

9. Everidis Health Sciences

Everidis Health Sciences will be featuring EQUAZEN PRO™ - a medical food for the dietary management of long-chain polyunsaturated fatty acid (LC-PUFA) deficiency in children with ADHD or ADHD-type symptoms.

10. Geisinger Health System

At Geisinger's Autism & Developmental Medicine Institute clinicians and researchers work side-by-side with educators, scientists and students from nearby Bucknell University to strengthen our multidisciplinary approach to personalized medicine.

11. Greenwood Genetic Center

The Greenwood Genetic Center is a nonprofit institute organized to provide clinical genetic services, diagnostic laboratory testing, educational resources, and research in the field of medical genetics. Our laboratory offers biochemical, cytogenetic and molecular testing.

12. Ironshore Pharmaceuticals & Development, Inc.

Ironshore Pharmaceuticals & Development, Inc. is developing new drug products leveraging its proprietary DELEXIS® drug delivery platform to optimize the delivery of stimulant medications for the treatment of ADHD. Ironshore seeks to fulfill a significant unmet medical need in the treatment of ADHD-inadequate symptom control during the early morning routine.

13. JDBP Book Reviewer Table

SDBP members are invited to select books from the table to review. Reviewers will submit their contact information, take the book home (and keep!) to review, then submit a review for the *Journal of Developmental and Behavioral Pediatrics*.

14. Kaiser Permanente-Southern California Permanente Medical Group

The Southern California Medical Group boasts over 60 years of experience in delivering higher quality, innovative health care. With subspecialists in virtually every area of practice, SCPMG is home to more than 8,000 physicians serving 4.2 million members.

15. Lineagen, Inc.

Lineagen's FirstStepDX Plus is the most comprehensive and advanced chromosomal microarray (CMA) available, optimized for your patients with ASD/DD/ID. Lineagen's service includes a painless cheek swab sample, availability of genetic counseling, an easy to understand report, and complete reimbursement support.

16. Lumos Pharma

Lumos Pharma, a clinical stage biopharmaceutical company, is focused on developing novel therapies for patients with unmet medical needs in rare and neglected diseases. Our company's lead compound in clinical development is for Creatine Transporter Deficiency (CTD), a pediatric neurological rare disease.

17. National Down Syndrome Congress

Founded in 1973, NDSC is the leading national resource of support and information about Down syndrome, from prenatal diagnosis through adulthood. We educate, advocate and empower families and professionals.

18. Novant Health

Novant Health is a not-for-profit integrated healthcare leader in NC, SC, VA and GA. The system includes 14 medical centers, a medical group with more than 1,100 physicians and nearly 500 advance practice clinicians, outpatient surgery centers, medical plazas, rehabilitation programs, diagnostic imaging centers and community health outreach programs, all focused on helping people get better and stay healthy.

19. Pediatric Search Partners

Pediatric Search Partners is a boutique search firm solely focused on pediatrics, pediatric subspecialties and leaders within children's healthcare. We match those who care for children with opportunities they truly care about.

20. Pediatrix Medical Group

Pediatrix, a division of Mednax, is the nation's leading provider of neonatal, maternal-fetal, and pediatric subspecialty services. Our affiliated practices provide developmental pediatric services supporting premature infants and children born with developmental disabilities.

21. PEDSTest.com

PEDStest.com publishes screening, surveillance and assessment measures of development, behavior and social-emotional status for primary care, NICU follow-up, and EI intake. The author, Dr. Frances Glascoe, will be in attendance.

22. Providence Health & Services

Providence is affiliated with Swedish Health Services, Pacific Medical Centers and Kadlec. The combined scope of services includes 35 hospitals and over 600 medical clinics in diverse communities in the West.

23. Sanford Health

Sanford Health is the largest rural not-for-profit health care system in the nation and is dedicated to excellence in patient care, innovation and pioneering integrated care.

24. The Interactive Autism Network (IAN)

IAN- the nation's participant-powered autism research network-provides families and professionals with the latest evidence-based autism information and engages its 54,000+ participants in autism research. Visit us at www.iancommunity.org.

25. The Permanente Medical Group

With The Permanente Medical Group, you'll find recognition, stability, opportunity, and independence. We offer our physicians a balanced call and work schedule and an excellent compensation and benefits package.

Program Schedule

Thursday, September 15

4:00pm-8:00pm SDBP Research Scholars Symposium
Scarborough 1

Friday, September 16

7:30am-12:45pm SDBP Research Scholars Symposium
Scarborough 1

1:00pm-7:15pm Pre-Meeting Education Workshop - *an extra fee applies to attend*

TEACHING DEVELOPMENTAL-BEHAVIORAL PEDIATRICS TO RESIDENTS

Chair/Facilitators: Viren D'Sa, MD and Sarah Nyp, MD

Regency Ballroom D/E/F and Scarborough 3/4

The Education Workshop has been organized to help Developmental-Behavioral Pediatrics residency rotation directors and faculty address the challenges of teaching a significant curriculum in a limited time. The format will consist of an initial large group meeting followed by small group sessions and then closing with a large group discussion of new interpretations of rules from the RRC. These sessions will present creative methods to teach residents specific content including normal development, behavior management, mental health and ADHD. There will also be sessions on interactive teaching methods and evaluation of longitudinal curriculum. This workshop continues the tradition of previous successful education workshops in providing innovative tools for teaching through interactive and practical sessions.

5:00pm-9:00pm Board of Directors
Savannah

Saturday, September 17

8:00am-5:00pm Registration
2nd Level at the top of the Escalators

8:00am-12:30pm Board of Directors
Harborside East

9:00am-12:00noon 3 Pre-Meeting Half Day Workshops - *an extra fee applies to attend*

WORKSHOP A: PEDIATRIC PSYCHOLOGY IN HEALTH CARE SETTINGS: WHAT QUESTIONS TO ASK, WHEN TO REFER, AND WHAT HAPPENS NEXT?

Ashley N. Junghans-Rutelonis, Ph.D., Daniel Hilliker Ph.D., LP, Mayo Clinic, Rochester, MN, Laura J. McGuinn, MD, Ami Bax, MD, University of Oklahoma Health Sciences Center, Oklahoma City, OK

Regency Ballroom A

WORKSHOP B: "YOUR CHILD HAS...": COMMUNICATING DIFFICULT DIAGNOSES IN PEDIATRIC DEVELOPMENTAL-BEHAVIORAL AND PSYCHOLOGICAL SETTINGS

Catherine C. Peterson, PhD, Eastern Michigan University, Ypsilanti, MI, Melissa K. Cousino, PhD, University of Michigan, Ann Arbor, MI, Melissa Armstrong-Brine, PhD, Metrohealth Medical Center, Cleveland, OH

Regency Ballroom D/E

Program Schedule

Saturday, September 17, continued

WORKSHOP C: UNDERSTANDING WHAT STATISTICAL ANALYSES CAN DO FOR YOU: AN INTERACTIVE WORKSHOP FOR DATA ANALYSIS PLANNING IN DEVELOPMENTAL BEHAVIORAL PEDIATRICS RESEARCH

Alan Mendelsohn, MD, New York University School of Medicine and Bellevue Hospital Center, New York, NY, Rebecca Hazen, PhD, University Hospitals/Case Western Reserve University, Cleveland, OH, Beth Wildman, PhD, Jeannette Iskander, MA, Kent State University, Kent, OH

Regency Ballroom F

1:00pm-4:00pm

4 Pre-Meeting Half Day Workshops - *an extra fee applies to attend*

WORKSHOP D: PROVIDING DEVELOPMENTAL-BEHAVIORAL CARE IN LOW AND MIDDLE INCOME COUNTRIES: AN INTERACTIVE CASE-BASED LEARNING WORKSHOP HIGHLIGHTING DEVELOPMENTAL-BEHAVIORAL NEEDS AND INTERVENTIONS

Abigail L. Kroening, MD, University of Rochester, Rochester, NY, Roxanne Almas, MD, MSPH, Kscope Assessment Center for Developmental and Behavioral Health, San Jose, CA, Ayesha Cheema-Hasan, MD, Rhode Island Hospital, Providence, RI, Ricardo Halpern, MD, PhD, Universidade Federal de Ciências da Saúde de Porto Alegre, Porto Alegre, RS, Brazil

Regency Ballroom A

WORKSHOP E: INTEGRATING A TRAUMA-INFORMED CARE APPROACH INTO PEDIATRIC MEDICINE

Meghan Marsac, PhD, University of Pennsylvania; The Children's Hospital of Philadelphia, Philadelphia, PA, Melissa Alderfer, PhD, Nemours/A. I. duPont Hospital for Children, Wilmington, DE

Regency Ballroom D/E

WORKSHOP F: BEYOND CME: TRANSLATING KNOWLEDGE INTO ACTION

Stephanie M. Glegg, MSc, Andrea Ryce, MLIS, Nancy Lanphear, MD, Sunny Hill Health Centre for Children, Vancouver, British Columbia

10:45am-12:00noon

Concurrent Platform Sessions I & II (Abstract Presentations 1-10)

Platform Session I (Abstract Presentations 1-5)

Chair: Barbara Howard, MD

Regency Ballroom A

10:45am - 11:00am

Abstract 1: PARENT-CHILD INTERACTION THERAPY IN CHILDREN WITH AUTISM: PRELIMINARY RESULTS FROM A RANDOMIZED CONTROLLED TRIAL

Kim R. Zlomke, PhD, Garet Edwards, MS/MA, Noelle Vann, MS/MA, Jessica VanOrmer, MS/MA, Psychology, University of South Alabama, Mobile, AL

11:00am - 11:15am

Abstract 2: CHILDREN REFERRED TO DBPS AT ACADEMIC MEDICAL CENTERS TO RULE OUT AN ASD: CAN WE PREDICT WHO WILL RECEIVE AN ASD DIAGNOSIS?

Pamela C. High, MD, Pediatrics, RIH/Brown U, Providence, RI, Ellen J. Silver, PhD, Pediatrics, Albert Einstein, Bronx, NY, Nancy Roizen, MD, Pediatrics, Case Western, Cleveland, OH, Nathan Blum, MD, Pediatrics, CHOP, Philadelphia, PA, Marilyn Augustyn, MD, Pediatrics, Boston U, Boston, MA, Ruth E. Stein, MD, Pediatrics, Albert Einstein, Bronx, NY, DBPNet Steering Committee, MD, Pediatrics, CHOP, Philadelphia, PA

11:15am - 11:30am

Abstract 3: REFERRAL TO AND UTILIZATION OF EARLY INTERVENTION SERVICES AMONG CHILDREN IN CHILD WELFARE

Jennifer A. Ehrhardt, MD, Developmental and Behavioral Pediatrics, Katherine Bowers, PhD, Jareen Meinzen-Derr, PhD, Biostatistics and Epidemiology, Cincinnati Children's Hospital Medical Center, Cincinnati, OH

11:30am - 11:45am

Abstract 4: DO MEDICAL CO-MORBIDITIES CONTRIBUTE TO THE DUAL DIAGNOSIS AND DEVELOPMENTAL OUTCOMES OF CHILDREN WITH DOWN SYNDROME AND AUTISM?

Kathryn K. Ostermaier, MD, Pediatrics, Texas Children's Hospital/Baylor College of Medicine, Houston, TX, Samrita Thapa, MS/MA, D. Michael Hallman, PhD, Epidemiology, University of Texas, Houston, TX

11:45am - 12:00pm

ABSTRACT 5: PARENT-CHILD COGNITIVE BEHAVIORAL THERAPY FOR ANXIETY IN YOUNG CHILDREN WITH AUTISM SPECTRUM DISORDERS: A PILOT STUDY

Katherine C. Driscoll, PhD, Developmental Medicine, Boston Children's Hospital/Harvard Medical School, Boston, MA, Dina R. Hirshfeld-Becker, PhD, Psychiatry, Massachusetts General Hospital/Harvard Medical School, Boston, MA

Platform Session II (Abstract Presentations 6-10)

Chair: David Schonfeld, MD, FAAP

Regency Ballroom B/C

10:45am - 11:00am

Abstract 6: OBJECTIVE VERSUS SUBJECTIVE MEASURES OF ADHERENCE IN ADOLESCENTS AND YOUNG ADULTS WITH ATTENTION DEFICIT HYPERACTIVITY DISORDER

Megan R. Schaefer, MS/MA, Psychology, Scott T. Wagoner, MS/MA, Alana R. Resmini, MS/MA, Steven K. Shapiro, PhD, Psychology, Jan Kavookjian, PhD, Health Outcomes Research and Policy, Wendy N. Gray, PhD, Psychology, Auburn University, Auburn, AL

Program Schedule

Sunday, September 18, continued

11:00am - 11:15am

Abstract 7: ADHERENCE TO ATTENTION-DEFICIT/HYPERACTIVITY DISORDER MEDICATION DURING THE TRANSITION TO COLLEGE

Wendy N. Gray, PhD, Steven K. Shapiro, PhD, Psychology, Jan Kavookjian, PhD, Health Outcomes Research and Policy, Scott T. Wagoner, MS/MA, Megan R. Schaefer, BS/BA, Psychology, Auburn University, Auburn, AL

11:15am - 11:30am

Abstract 8: EXECUTIVE FUNCTION IS ASSOCIATED WITH READING AND PARENT-RATED CHILD FUNCTION IN 6 YEAR OLD PRETERM CHILDREN

Irene M. Loe, MD, Vanessa N. Kovachy, MS/MA, Katherine E. Travis, PhD, Heidi M. Feldman, Pediatrics, Stanford University School of Medicine, Stanford, CA

11:30am - 11:45am

Abstract 9: CULTURAL RELEVANCE OF FINE MOTOR SCREENING IN A RURAL GUATEMALAN COMMUNITY

Abigail S. Angulo, MD, Maureen Cunningham, MD, Gretchen Domek, MD, Pediatrics, Ryan Asherin, MS/MA, Psychiatry and Behavioral Sciences, Sandra Friedman, MD, Pediatrics, Ayelet Talmi, PhD, Psychiatry and Behavioral Sciences, University of Colorado, Aurora, CO

11:45am - 12:00pm

Abstract 10: DOES PSYCHOLOGICAL DISTRESS IMPACT DECISIONS ABOUT STARTING CROSS-GENDER HORMONES IN TEENAGERS WITH GENDER DYSPHORIA?

Jenna E. Wallace, PsyD, Psychiatry, Ajuah Davis, MD, Pediatrics, Henry Ng, MD, Medicine-Pediatrics, Deborah Casciato, MS/MA, Terry Stancin, PhD, Psychiatry, MetroHealth Medical Center, Cleveland, OH

1:45pm-3:15pm

Concurrent Sessions 1-4

Concurrent Session 1 - MOBILIZING COMMUNITY SYSTEMS TO IMPROVING EARLY DETECTION OF TODDLERS WITH COMMUNICATION DELAYS AND AUTISM USING INNOVATIVE TECHNOLOGIES TO BRIDGE RESEARCH-TO-PRACTICE

Amy Wetherby, PhD

Regency Ballroom A

Concurrent Session 2: BEYOND NIH GRANT FUNDING: OBTAINING AND RUNNING FOUNDATION AND STATE GRANTS IN DEVELOPMENTAL-BEHAVIORAL PEDIATRICS

Carolyn E. Ievers-Landis, PhD, Pediatrics, UH Hospitals Case Medical Center, Cleveland, OH, Tanya Froehlich, MD, Pediatrics, Cincinnati Children's Hospital Medical Center, Cincinnati, OH, Laura Carpenter, PhD, Pediatrics, Medical University of South Carolina, Charleston, SC

Regency Ballroom B/C

Program Schedule

Sunday, September 18, continued

Concurrent Session 3: MEDICAL-LEGAL PARTNERSHIP: ADDING A RINGER TO YOUR TEAM TO IMPROVE EDUCATIONAL SERVICES FOR CHILDREN WITH DISABILITIES

Britt A. Nielsen, PsyD, Psychiatry and Psychology, MetroHealth Medical Center/Case Western Reserve University, Cleveland, OH, Bhavin Dave, MD, Psychiatry and Behavioral Sciences, Children's National Medical Center, Washington, DC, Tracy L. Goodman, Healthy Together, Children's Law Center, Washington, DC, Aleah A. Gathings, MFY Legal Services, Inc., New York, NY

Regency Ballroom D/E/F

Concurrent Session 4: CREATING BEHAVIORAL CARE SYSTEMS IN A DEVELOPMENTAL DESERT

Susan Buttross, MD, Pediatrics, David Elkin, PhD, Psychiatry, Kimberly Stringer, MD, Barbara Saunders, DO, Pediatrics, University of Mississippi Medical Center, Jackson, MS

Trustees Hall

3:15pm-3:30pm

Refreshment Break
Scarbrough Ballroom

3:30pm-5:00pm

Concurrent Sessions 5-8

Concurrent Session 5: BRINGING BEST PRACTICE AUTISM CARE TO PRIMARY CARE: INNOVATIVE MODELS TO INCREASE CAPACITY AND EXPERTISE IN CARING FOR CHILDREN WITH AUTISM

Kristin Sohl, MD, University of Missouri, Thompson Center for Autism, Columbia, MO, Robin Blitz, MD, Barrow Neurological Institute, Phoenix Children's Hospital, Scottsdale, AZ

Regency Ballroom A

Concurrent Session 6: ADHD SIG - MINDFUL ADHD: CULTIVATING CALM, COMPASSION, AND CLARITY IN CARE

Eugenia Chan, MD, Pediatrics, Harvard Medical School, Boston, MA, Tanya Froehlich, MD, Pediatrics, Cincinnati Children's Hospital Medical Center, Cincinnati, OH, Mark Bertin, MD, Developmental Pediatrics, New York Medical College, Valhalla, NY

Regency Ballroom B/C

Concurrent Session 7: ADVANCING AND BUILDING A COLLABORATIVE CULTURE FOR RURAL INTERPROFESSIONAL OUTREACH

Cleveland Clinic Children's

Developmental Pediatrician

Cleveland Clinic Children's hospital invites applications for the unique opportunity of Developmental Pediatrician at Cleveland Clinic Children's Hospital for Rehabilitation. The selected professional will have the opportunity to join 2 Developmental Pediatricians with in a **Developmental and Rehabilitative Pediatrics** group at a freestanding rehabilitation facility dedicated to the care of children with chronic illness and disability.

Applicants must be Board Certified in Pediatrics and either Board Certified/Board Eligible in Developmental Pediatrics or Neurodevelopmental Disabilities. A faculty appointment at a rank commensurate with academic accomplishments is available at the Cleveland Clinic Lerner College of Medicine of Case Western Reserve University. Ample research opportunities are available within the Lerner Research Institute. Cleveland Clinic physicians enjoy a collegial work environment within the framework of a large group practice, with a competitive salary enhanced by a very attractive benefits package.

Cleveland Clinic Children's is consistently ranked as one of the best children's hospitals in the United States by U.S. News & World Report and has 429 staffed beds, of which 121 are on the main campus, 25 in our free-standing Children's Hospital for Rehabilitation, and 283 in 4 other satellite hospitals across Northeast Ohio. Our staff includes more than 300 physicians in 55 pediatric medical and surgical specialties providing over 800,000 outpatient visits, 18,000 inpatient admissions, 13,000 surgeries, and accepting over 1,600 transports per year. The Children's Therapy and Rehabilitation program has an inpatient program, outpatient rehabilitation and a range of therapies. Infants through children age 21 receive the right treatment mix to overcome chronic medical challenges. Our **Developmental and Rehabilitative Pediatrics group** consists of a board-certified **developmental and behavioral pediatrician, a nurse practitioner in developmental and behavioral pediatrics**, physiatrists, care managers, nurses, therapists, psychologists, social workers and other professionals in numerous disciplines. **We are also actively recruiting for another nurse practitioner in developmental and behavioral pediatrics.** Additional information can be found online at www.ccf.org/childrens.

The Department of Pediatrics/College of Medicine and the Munroe-Meyer Institute (MMI) of the University of Nebraska Medical Center (UNMC) and in conjunction with Children's Hospital & Medical Center are actively recruiting a Developmental Behavioral Pediatrician to join our well-established team. We are seeking a candidate board certified in Pediatrics as well as board eligible/certified in Developmental Behavioral Pediatrics or board eligible/certified in Neurodevelopmental Disabilities.

Our ideal candidate will continue to develop our comprehensive academic/ clinical program. We are seeking an individual with a passion for providing world class patient care and teaching. For candidates with research interests, opportunities also exist to develop new or collaborative research initiatives. A faculty appointment would be commensurate with experience. Our Developmental Behavioral Pediatrics program serves both Children's and MMI. Our interdisciplinary team includes 2 board certified Developmental Behavioral Pediatricians, 2 nurse practitioners, a clinical nurse specialist and behavioral health providers.

Located in Omaha, Children's provides expertise in more than 30 pediatric specialty services to children and families across a five-state region and beyond. The 145-bed, non-profit hospital provides extensive inpatient services as well as more than 30 pediatric specialty clinics for a variety of specialized needs including cardiology, neurology, pediatric cancer, neonatal intensive care follow-up, diabetes, and physical, occupational, and speech therapies.

With a mission to improve the quality of life for persons with disabilities and their families, MMI has over 300 faculty and staff in the numerous health and rehabilitation related fields. Located on the UNMC campus, MMI provides over 50,000 patient visits per year (70% community based), conducts both basic and applied research, and has an academic teaching program. The Nebraska LEND and UCEDD programs are located at MMI.

Omaha is a vibrant city with a metropolitan population of 800,000. Offering excellent schools, Omaha is a safe, family-oriented town. Entertainment options are nearly endless with a new large convention center and arena that attracts the biggest names in music and sports. Omaha has become a major center for NCAA events including the CWS, Volleyball Final Four, Regional Division I Basketball, and the Olympic Swimming Trials. Omaha is the home of the largest community theater in the country, has an excellent symphony and opera, hosts top touring Broadway shows and concerts, and our own world class zoo. Property values are among the most affordable in the country for a city of this size. Omaha is consistently ranked as one of the most livable and family-friendly cities in the United States.

Contact Brenda Krull, Physician Recruiter at 402-955-6971 or bkrull@childrensomaha.org.

Full-time opportunities for developmental pediatricians

Pensacola, Florida

- Provide developmental support for NICU graduates and other children in the Florida panhandle and surrounding areas.
- Potential exists for an academic appointment through Florida State University as well as the opportunity to personally shape this new program as you see fit.

Dallas, Texas

- Provide inpatient developmental consultation for high-risk infants and follow-up in an outpatient setting.
- Pediatricians with at least five years experience and an interest in this specialty are welcome to apply.

Las Vegas, Nevada

- Focus on neurodevelopmental follow-up to high-risk infants throughout the Las Vegas Valley.
- Build a new program that will support a national research effort and lead to the establishment of a national database.

As part of our team you can:

- Collaborate with more than 1,675 pediatric subspecialists as part of a national practice.
- Enjoy the administrative support that our strong business infrastructure offers so you can focus on patient care.
- Participate in research opportunities without publication mandate.
- Pursue your personal and professional growth with a variety of business and leadership development programs.
- Shape the future of health care through organized federal and state advocacy efforts.

UNIVERSITY of SOUTH ALABAMA
Children's & Women's
HOSPITAL

FACULTY POSITION IN DEVELOPMENTAL-BEHAVIORAL PEDIATRICS

The Department of Pediatrics at the University of South Alabama College of Medicine is seeking candidates for a faculty position in Developmental-Behavioral Pediatrics.

Duties include patient care as part of the primary referral center for the region, as well as teaching medical students and residents. Candidates should be BC/BE in Developmental-Behavioral Pediatrics or currently in fellowship. The successful candidate will interact with an interdisciplinary team of pediatricians, psychologists, nurses, and developmental therapists dealing with a range of behavioral and developmental disorders. In addition to current programs in follow-up of high-risk infants and an interprofessional Autism Diagnostic Clinic, our Division is spear-heading the development of one of three state-funded university-based Regional Autism Centers in the state of Alabama. Opportunities exist to develop additional areas of clinical, academic, and scholarly interest within our system. Level of appointment is open and will be commensurate with training, experience, and academic productivity. This is an outstanding opportunity to join a congenial, diverse, expanding department committed to providing its faculty with the opportunity to achieve academic and professional growth while enjoying the climate, affordability, and high quality of life of the central Gulf Coast. For information, please contact Franklin Trimm, MD, Director, Division of Developmental-Behavioral Pediatrics at 251-415-1087 or rtrimm@health.southalabama.edu. Advocate Children's Medical Group is a part of Advocate Medical Group (AMG), a multi-specialty group with 1,500+ physicians and affiliated with the Advocate Health Care system - the largest provider of healthcare in Illinois. Advocate Children's Hospital serves as a major referral center and is the largest network provider of pediatric services in Illinois and among the top 10 in the nation.

We have multiple openings for BC/BE DEVELOPMENTAL AND BEHAVIORAL PEDIATRICIANS to join our established but growing practice with multiple locations in Chicago and the surrounding suburbs. A desire to teach residents, students, nurses, and fellows is encouraged. Our community has a large network of providers that refer children with diverse pathology that spans the continuum of developmental and behavioral pediatrics from birth through adolescence.

Take this opportunity to:

- Provide outstanding clinical care for children and a passion for teaching pediatric residents and medical students
- Be an effective team player within a large multidisciplinary group
- Collaborate with community physicians
- Work with an underserved patient population.

DEVELOPMENTAL & BEHAVIORAL PEDIATRICIAN NEW ORLEANS

We're seeking a Board Eligible/Board Certified Developmental and Behavioral Pediatrician for Ochsner Hospital for Children in New Orleans, Louisiana. A Developmental Pediatrician with special interests and focus in neuromuscular and other physical developmental disorders is especially desirable, and will complement the skillset and interest of our incoming section head who specializes in neurocognitive and communication disorders.

This is an exciting opportunity to join Ochsner Hospital for Children's rapidly growing team of over 120 physicians, including pediatric subspecialists, and a full spectrum of pediatric medical and surgical subspecialty teams. The group is the region's leading integrated provider of multispecialty care for infants, children, adolescents, and young adults offering a full range of pediatric services, including solid organ transplantation and pediatric cardiovascular surgery. The current facilities include a 52-bed Level III-C NICU, a 36-bed PICU, and a 35-bed General Pediatric Unit as well as a free-standing ambulatory center for children housing primary care and subspecialists. Also planned is a dedicated comprehensive child development center- the successful applicant would have the ability to be involved in the planning of this center and it's programs.

Located in one of our most vibrant cultural cities, this nonprofit, academic, multi-specialty institution is the recipient of numerous awards, including Healthgrades' Distinguished Hospitals for Clinical Excellence, which places Ochsner in the top 5 percent of U.S. hospitals for clinical outcomes. Ochsner also has a combined pediatrics residency program with Tulane University Medical School. Medical students from Tulane and the University of Queensland/Ochsner Clinical School rotate through the division. The successful candidate will be eligible for an academic appointment commensurate with experience.

The appeal of living in New Orleans is absolutely undeniable. The city exudes a character all its own and residents have a passionate attitude to life. New Orleans is an unparalleled blend of cultures. Regarded as a city of neighborhoods, New Orleans is best traveled by foot, but you can also hop on one of the city's historic streetcars or join the growing legion of commuters by bicycle. NOLA's neighborhoods each have a distinct architectural flavor and include everything from traditional Antebellum style to historic bungalows and cottages to modern lofts. Professional sports, gorgeous city parks, year-round festivals, prestigious academic centers and universities, and Southern hospitality are only the beginning. The local economy is diverse, with oil and gas, tourism, shipbuilding and aerospace among the top industries, along with health care and education; several world-class colleges and universities are situated here. If you're craving the beach, the Gulf Shores of Alabama are about two and a half hours away by car; and the white sands of Pensacola, Florida, are just three hours away. It's easy to understand why residents take great pride in calling New Orleans their home.
